Utószó, Disclaimer

Jelen dokumentum első sorban PvP-re, és 5.5M+ GP-vel rendelkező accountokra lett szabva. Fontos kiemelni, hogy bizonyos értékek ugyan túlzőnak tűnhetnek, ugyanakkor ezek csak **CÉLOK**, és nem pedig követelmények, az arányok, a megfelelő hozzáállás a fontos.

Fontos ugyanakkor kiemelni, hogy önmagában az, ha egy roster jól van modolva nem jelent egyenes utat a sikerhez, de legalább nem szórja tele az ember azt maga előtt rajzszegekkel, mint egy rosszul modolt account esetén.
